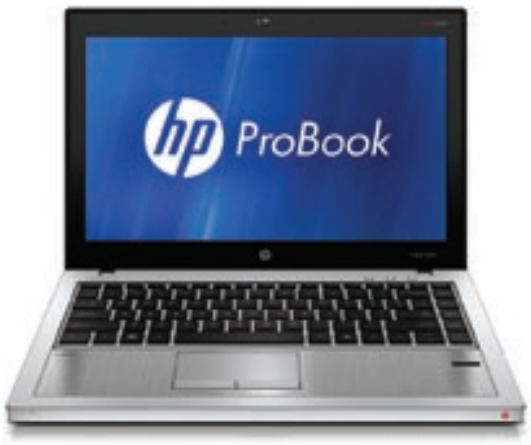
HP ProBook 5330m Notebook PC

Style Meets Substance



HP's thin and light business notebook for corporate and enterprise customers with a 33,8 cm (13.3") diagonal display, a standard voltage processor and strong security features.

Windows®. Life without Walls™. HP recommends Windows 7.

Standard voltage processor
Create documents, presentations and spreadsheets and quickly share them with co-workers. The new Intel architecture features 2nd generation Intel® Core™ i5[1] and i3[1] dual-core processors, offering incredible performance, responsiveness and enhanced graphics. Benefit from exciting processor performance features like Intel® Turbo Boost Technology 2.0. Trim IT costs with remote manageability through Intel® Core™ processors with vPro™ Technology[2].

Keep your data protected
HP ProtectTools is a portfolio of security technologies, that's easy to use, robust and can be centrally managed by businesses of all sizes across HP and non-HP client PCs.

The Infineon Professional TPM Package provides enhanced hardware-based protection for data and credentials. The HP Fingerprint Sensor allows you to use fingerprint authentication to log onto Windows.

Stylish design
The smudge-resistant, wear-resistant design of the svelte — under an inch thick — chassis features rich aluminum finishes and a dual-tone color scheme. The backlit keyboard makes it easy to type in low-light environments such as airplanes.

A durable and lightweight metal case that combines an anodized aluminum display enclosure and a magnesium alloy bottom case protect your notebook from the rigors of daily mobile use.

Built to simplify
Beats™ Audio unlocks all the sounds that musicians and producers have perfected in the studio. Unleash amazing sound and clarity while listening to music, webcast[3] and presenting multimedia material.

With HP Connection Manager, you get full control over your wireless connections through a single user interface.

With HP QuickWeb[4] you can tap into fast, convenient and more secure access to the internet, email, contacts and calendar all at the touch of a button — without long boot-up times.

The new HP DayStarter[5] displays your extended calendar and battery charge while your notebook PC boots Windows, so you can jumpstart your day.

Everybody On

Power	4-cell (41 WHr) Li-Ion Polymer; 65W Smart AC adapter; 65W Slim AC adapter
Warranty	HP Services offers 1-year warranty (upgrades available, sold separately), 1-year limited warranty on primary battery

1 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64 architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information. Quad Core is designed to improve performance of multithreaded software products and hardware-aware multitasking operating systems and may require appropriate operating system software for full benefit. Not all customers or software applications will necessarily benefit from use of this technology. Intel's numbering is not a measurement of higher performance

2 Some functionality of Intel vPro, such as Intel Active management technology and Intel Virtualization technology, requires additional 3rd party software in order to run. Availability of future "virtual appliances" applications for vPro technologies is dependent on 3rd party software providers. Compatibility with future "virtual appliances", Microsoft Windows Vista and Windows 7 operating systems is yet to be determined

3 Includes reduced functionality versions of Word and Excel. Purchase of Product Key required to activate full Office 2010 suite available at participating resellers/retailers and www.office.com

4 HP QuickWeb is accessible when the notebook is off in Windows based systems. Internet access is required. Timing may vary depending on the system configuration. To enable the feature following the removal of the battery, reboot the notebook prior to subsequent use

5 Requires Microsoft Outlook. User must opt-in to activate feature

Accessories and Services

HP Elite Leather Messenger

HP Elite Leather Messenger is designed for the busy executive who demands both modern style and function. The professional exterior is constructed of durable leather for a perfect complement to the functional interior. A padded shoulder strap provides comfort while magnetic handles and closing tabs ensure easy one-handed opening and closing.

Product number: AX676AA

HP 2.0 USB Docking Station

Skip the hassle of plugging and unplugging your monitor and peripherals every time you take your HP notebook PC with you.

Product number: AY052AA

HP Dual Hinge Notebook Stand

Turn your HP Business Notebook into a comfortable deskbased solution by raising your computer screen to a comfortable level. A dual-hinged, smooth-motion display stand allows for greater distance, height and tilt adjustment for maximum comfort. The adaptable design of the HP Adjustable Display Stand accommodates notebooks that can be connected to a docking station and notebooks that do not have a docking connector. Integrated base rollers let you rotate the stand so you can more easily share your work.

Product number: AW661AA

HP 65W Smart Travel AC Adapter

AC power adapters from HP power your notebook and charge the internal battery simultaneously. These adapters provide you with the ability to power your notebook when away from the office or on the road. The HP 65W Slim Travel Adapter is perfect for international travelers or "road warriors" who are always on the go. The adapter is 40% thinner than the standard 65W adapter and includes a convenient USB port for charging other accessories while you work. Four international adapter plugs help make sure your Slim Travel Adapter works wherever you do. A stylish protective carrying case keeps everything together.

Product number: AU155AA

HP Mobile USB DVD/RW Drive

The HP Mobile DVD RW provides an external companion optical drive to accompany a laptop or mini that does not have an internal drive. The external drive provides CD/DVD support as well as Read/Write and LightScribe functionality. It connects to the computer through the USB 2.0 port, and an AC adapter is included.

Product number: BU516AA

3-year Next Business Day Onsite

Care Pack

Receive 3 years of next business day onsite repair from an HP-qualified technician for your computing device, if the issue cannot be solved remotely

Product number: U4391E
